

150S Daylight LED Panel

Features and Advantages:

- Light-weight design
- Powerful fill-in light
- Easy to use
- Smooth dimming from 100% to 5% with no color shift
- Dedicated power button
- High capacity Li-ion battery for long runtime
- Rugged anodized aluminum housing
- Two 1/4"-20 threaded inserts for flexible mounting
- Meets photobiological safety standards
- Meets EU's and FCC' EMC standards.

What's in the Kit:

- 150S Daylight LED Panel light
- USB charging cable
- Quick Start Guide

Specifications:

Light Source:	High Quality LEDs (60 pcs)
Beam Angle:	120°
Color Temperature:	5000K
Dimmer:	Dimmable from 100% to 5% with no color shift
Power Output:	3.5W at maximum setting
Run-time:	About 2 hours at max power, about 40 hours at 5% power
Battery:	Built-in 2200mAH 3.7V Li-ion Battery
Charging:	Micro B USB Port (about 4 hours to fully charge)
Input:	5V/1A
Operating Temp.	10°C-40°C (Charging), 0°C-40°C (Working)
Housing:	Anodized Aluminum
Mounting:	Two stainless steel 1/4"-20 threaded inserts
Dimensions:	155mm x 50mm x 15mm
Weight:	145g

Photometric:

ColorTemp/Dist	0.5m	1.0m	1.5m	2.0m
5000K	1350lx	350lx	160lx	95x
